

**ORDER OF COMMISSION**

---

In the matter of Objection Nos. 001 and 002 filed by Bridge, Structural and Ornamental Iron Workers Local Union No. 10, to Annual Wage Order No. 12, pertaining to the wage rate for the occupational title of Iron Worker in the Missouri Counties of Pettis – Section 080 and Saline – Section 101, issued by the Division of Labor Standards, Department of Labor and Industrial Relations; filed with the Secretary of State: March 9, 2005.

---

On March 23, 2005, counsel for the Bridge, Structural and Ornamental Iron Workers Local Union No. 10 (the "Objector") filed an objection (supplemented that same date) to the above-referenced Annual Wage Order No. 12 with the Labor and Industrial Relations Commission (the "Commission").

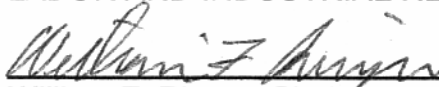

On April 26, 2005, the Commission received a stipulation in which the Objector and the Division of Labor Standards (the "Division") agreed to certain wage rates and benefits that should be paid to workers in the occupational classification of ironworker in Pettis and Saline counties in Missouri. These wage rates and benefits are reflected in the attached stipulation.

After having received this stipulation however, on the same date, the Commission received a supplementary information memorandum from the Division. This attached memorandum and the supporting documentation with it indicate that the Division now concludes that the greatest number of hours reported as having been worked in 2004 for the classification of ironworker in Pettis County, Missouri, was at the basic hourly rate of \$18.90 per hour, with no additional benefits (the prevailing rate originally set out in Annual Wage Order No. 12 for Pettis County ironworkers).

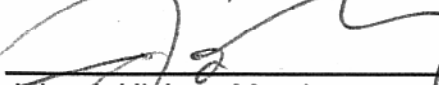

Therefore, based on the most current information from the Division, the Commission rejects the April 26, 2005, stipulation pertaining to ironworkers in Pettis and Saline counties. The Division and Objector may, at their discretion, resubmit a stipulation that pertains solely to Saline County (which appears unaffected by the Division's supplementary information memorandum and accompanying documentation).

Given at Jefferson City, State of Missouri, this 29th day of April 2005.
